CHASE'S

GRADE COUNT

BULLETIN

Feb. 12, 1953: Deciduous stock offered here is in storage, ready for immediate shipment. Grades are liberal, in most instances heavier than those called for by the standards of the American Association of Nurserymen. The list will change almost hourly, so we urge prompt action in placing your orders.

Packing is extra at cost. We use light weight veneer wire bound boxes which save you a lot of freight, or bale with the latest jute tubing to insure the quickest possible service. Two railroads, several truck lines, and the Railway Express Agency, as well as the Post Office, are handy to our shipping department.

Telephone service is through the Huntsville, Alabama, exchange: Office, 162, night calls to H. B. Chase at 126 or to H. H. Chase at 2131. We are ready to serve you at all times.

Terms to firms with approved or known credit, 2% 10, net 30 days. Orders may be handled on a C. O. D. basis on receipt of a 25% down payment.

CHASE NURSERY COMPANY

CHASE, ALABAMA

BUNCHING INFORMATION: Please note the following:

- 3- 4' Plants tied in bunches of 5 or 10.
- 2- 3' Plants tied in bunches of 10.
- 18-24" Plants tied in bunches of 10.
- 12-18" Plants tied in bunches of 25.

It will greatly facilitate handling of your order if you will order in quantities divisible by the above counts.

SHRUBS — TWO OR THREE YEAR — FIELD GROWN

LINING OUT SHRUBS AND TREES

Note on lining-out stock: Seedlings were grown in beds. Others were graded out of our regular two year field grown stock. Those in pots will be shifted to paper pots for shipment, unless we are instructed to shake out. Culls are as rigidly excluded from our liners as they are from our larger sizes.

Average shipping weight, 30 lbs. per 100. Please order in multiples of twenty-five.

	Per 100
150 Albizzia julibrissin (Mimosa)	18-24" S \$10.00

LINING OUT CONIFERS

Note on lining-out Conifers: Except those items as indicated in pots are field grown in our full 42" rows. The plants have been root pruned, and each order will be fresh dug. No storage stock here, and no bed grown stock. It has character, and will grow into profits for you in the shortest possible time. Field grown stock will be puddled in mud as dug, and packed in damp sphagnum moss in ventilated cases for shipment. Potted stock will be shipped in paper pots of the size indicated at no extra cost.

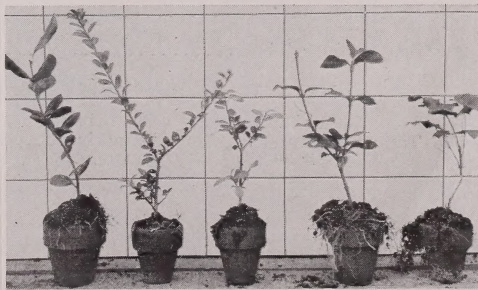

Average shipping weight, bare root stock 30 to 50 lbs. per 100.

Potted stock, about 30 lbs. per 100.
